-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 30 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Uddenfeldt et al. (newly cited 5,327,576).

For claim 30, Uddenfeldt discloses a handoff of a mobile station between half rate and full rate channels comprising the steps of receiving a request by a first terminal (see M4 in figure 4) to establish a first communication link (see box 40 in figure 5); and allocating at least two temporal communication slots to the first terminal to support the first communication link when interference caused by and interference experienced by the first communication link are acceptable low (see full rate frame in figure 3, slots 1 and 4 assigned for mobile 1 and so on ; column 7 lines 54-58 ; column 7 lines 20-35 ; and column 2 lines 47-49).

2. Claims 31-36 and 40-43 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

3. Claims 37-39 are allowed.

4. Applicant's arguments filed 4/15/2004 have been fully considered but they are not persuasive.

In the remarks of 4/15/2004, applicant traverses the rejection under 35 U.S.C 102. The traversal is based on ground that reference does not teach at least two temporal communications slots being allocated to the first terminal support the first communication link when interference caused by and interference experience by the first communications link are acceptable low. This arguments are not found to be persuasive. Applicant's attention is directed at column 7 lines 54-58, 20-35 and column 2 lines 47-49 wherein it teaches the two temporal communications slots being allocated to the first terminal support the first communication link when interference caused by and interference experience by the first communications link are acceptable low.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to DANG T TON whose telephone number is 571-272-3171. The examiner can normally be reached on MON-WED, 5:30 AM-6:00 PM and Thur 5:30-9:30 A.M.
